

Communication Training and Facilitation

Want your work or research to stand out and be impactful? I can help with that

I support everyone from new PhD students preparing their first conference talks to senior academics and Industry specialists working in STEM-related professions looking to impress, by offering training to maximise their potential. I provide workshops, consultation and bespoke services online and across the UK.

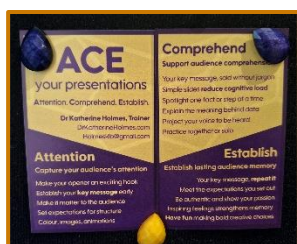

Dr Katherine Holmes

A Doctor training the next generation of Doctors, Researchers, Industry Professionals and Outreach Game-Changers.

DrKatherineHolmes.com | Hello@DrKatherineHolmes.com | [LinkedIn](#)

I am an academic researcher with a PhD from Imperial College London turned Communications Trainer and Facilitator, out of the sheer love of it. Nothing makes me happier than working with amazing, clever folks to share their passions and knowledge with the world.
